

iPSC_PD – scType Confidence Scores

Reference: ScTypeDB_Default

Cluster 0

Reference: ScTypeDB_Default

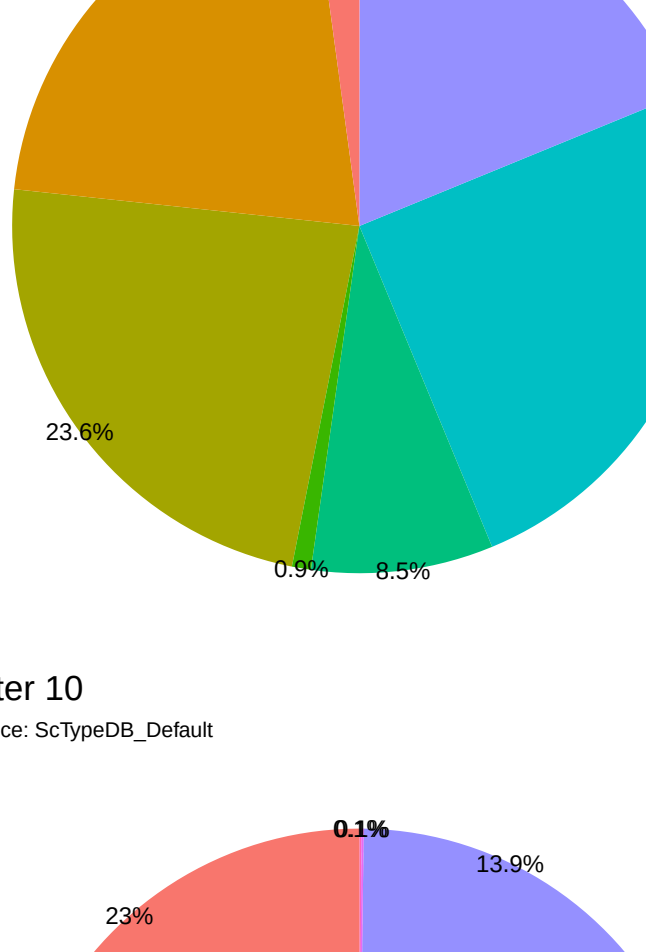

Cell Types

- Endothelial cells
- GABAergic neurons
- Glutamatergic neurons
- Mature neurons
- Non myelinating Schwann cells
- Oligodendrocyte precursor cells
- Oligodendrocytes
- Schwann precursor cells
- Serotonergic neurons
- Tanycytes

Cluster 1

Reference: ScTypeDB_Default

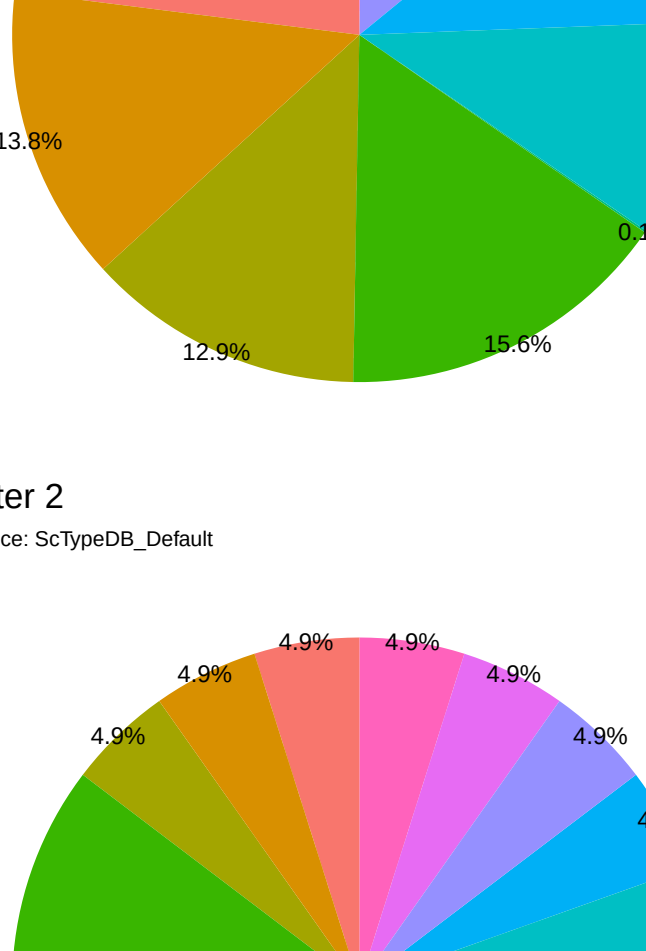

Cell Types

- Cancer cells
- Immature neurons
- Mature neurons
- Neural Progenitor cells
- Neuroblasts
- Non myelinating Schwann cells
- Oligodendrocyte precursor cells
- Schwann precursor cells
- Serotonergic neurons
- Tanycytes

Cluster 10

Reference: ScTypeDB_Default

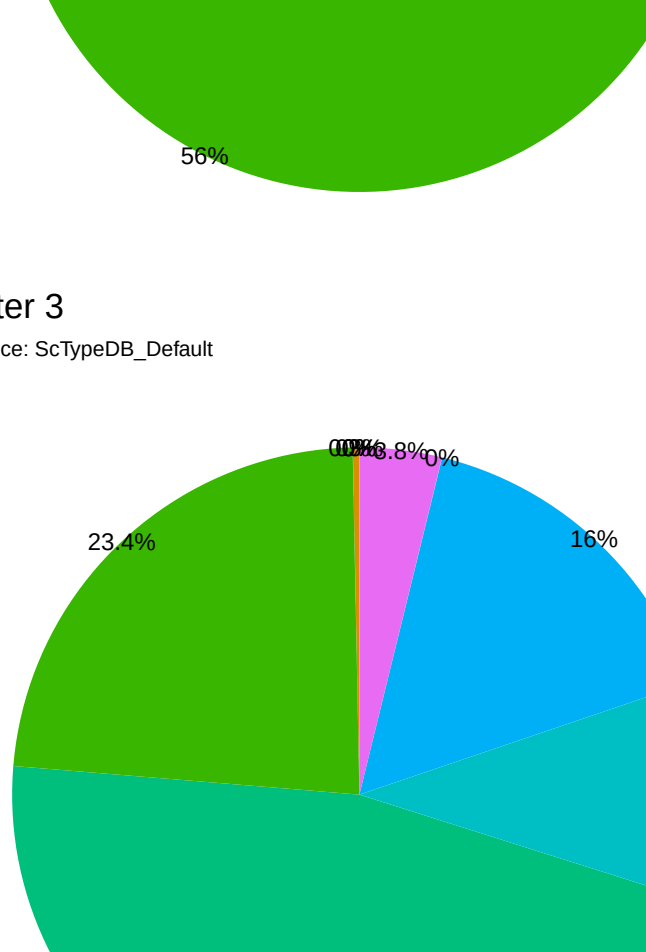

Cell Types

- Cancer cells
- Cancer stem cells
- Endothelial cells
- Microglial cells
- Neural Progenitor cells
- Neural stem cells
- Neuroepithelial cells
- Oligodendrocyte precursor cells
- Radial glial cells
- Tanycytes

Cluster 2

Reference: ScTypeDB_Default

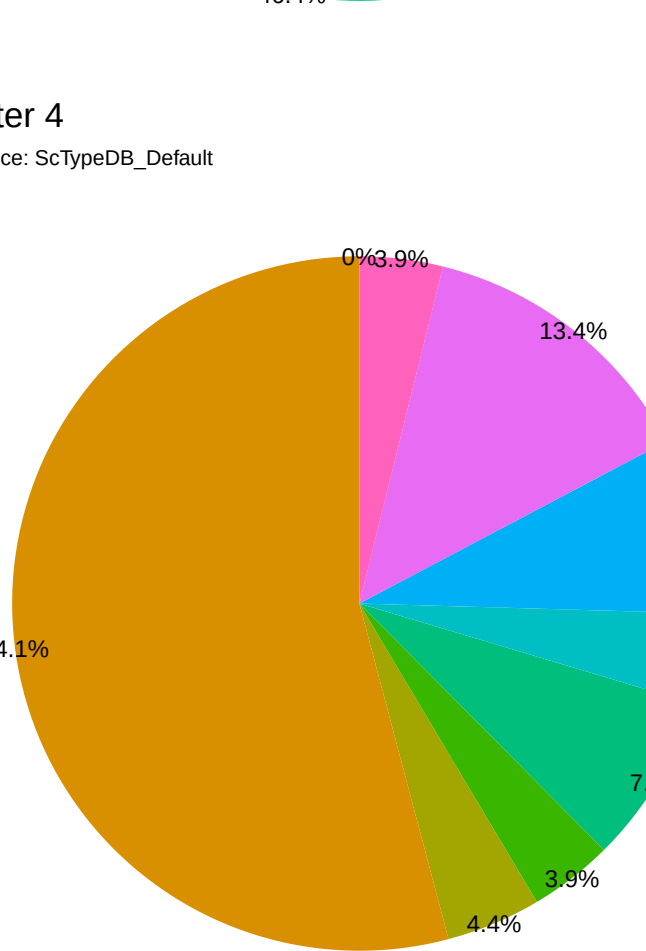

Cell Types

- Cancer cells
- Cancer stem cells
- Endothelial cells
- Immature neurons
- Microglial cells
- Neuroblasts
- Oligodendrocyte precursor cells
- Oligodendrocytes
- Serotonergic neurons
- Tanycytes

Cluster 3

Reference: ScTypeDB_Default

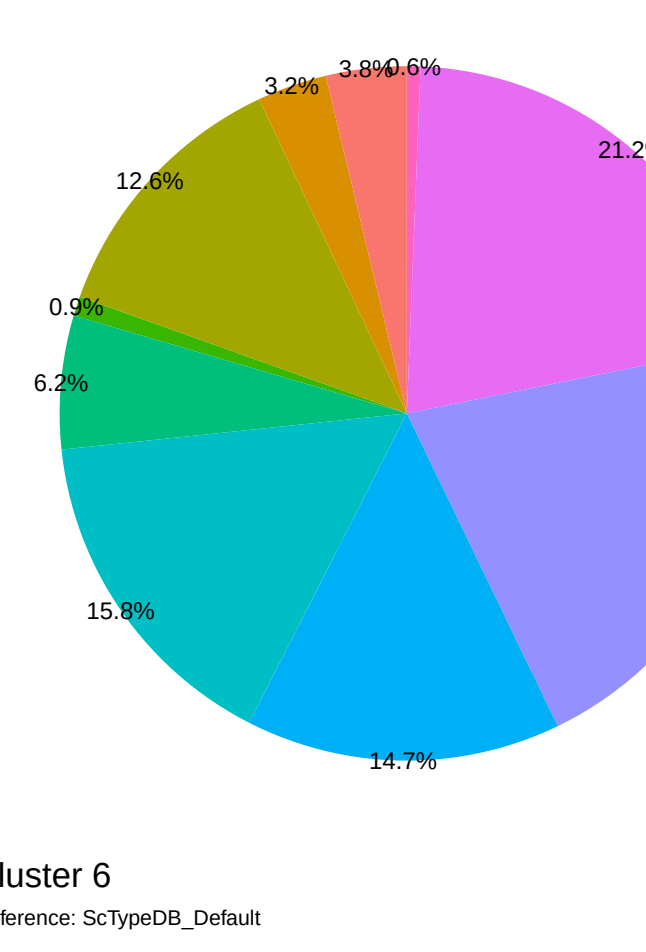

Cell Types

- Astrocytes
- GABAergic neurons
- Glutamatergic neurons
- Immature neurons
- Mature neurons
- Neuroblasts
- Non myelinating Schwann cells
- Oligodendrocyte precursor cells
- Oligodendrocytes
- Schwann precursor cells

Cluster 4

Reference: ScTypeDB_Default

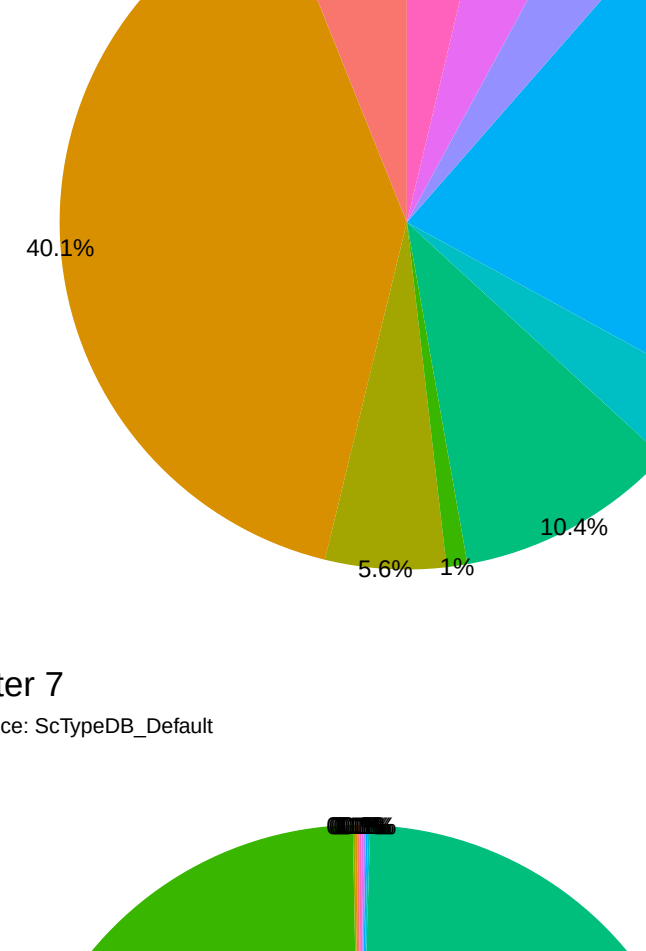

Cell Types

- Cancer cells
- Dopaminergic neurons
- Glutamatergic neurons
- Immature neurons
- Mature neurons
- Neuroblasts
- Non myelinating Schwann cells
- Oligodendrocyte precursor cells
- Schwann precursor cells
- Serotonergic neurons

Cluster 5

Reference: ScTypeDB_Default

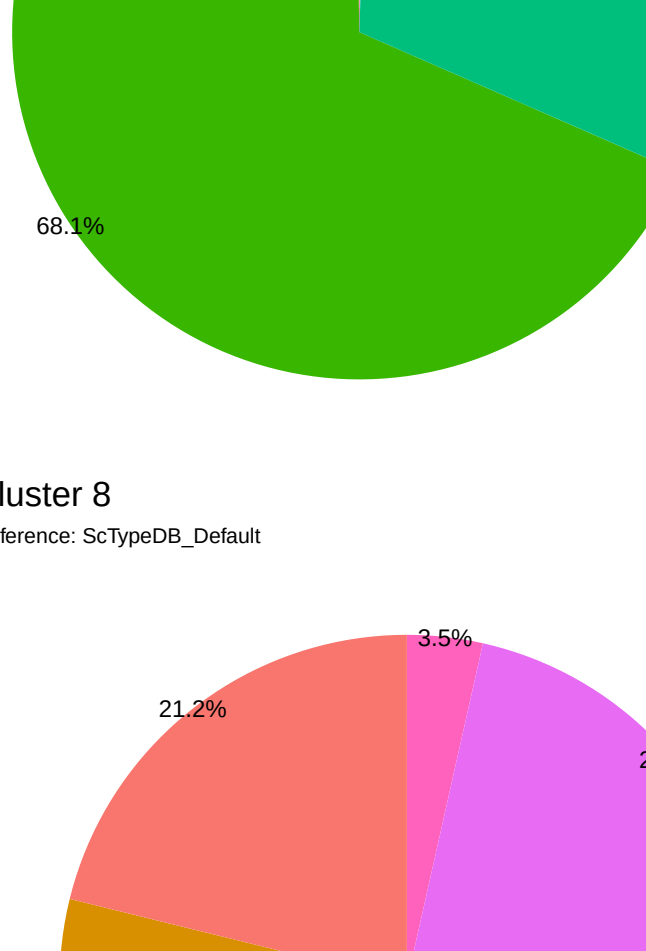

Cell Types

- Astrocytes
- Cancer cells
- Cancer stem cells
- Endothelial cells
- Microglial cells
- Neural Progenitor cells
- Neural stem cells
- Neuroepithelial cells
- Radial glial cells
- Tanycytes

Cluster 6

Reference: ScTypeDB_Default

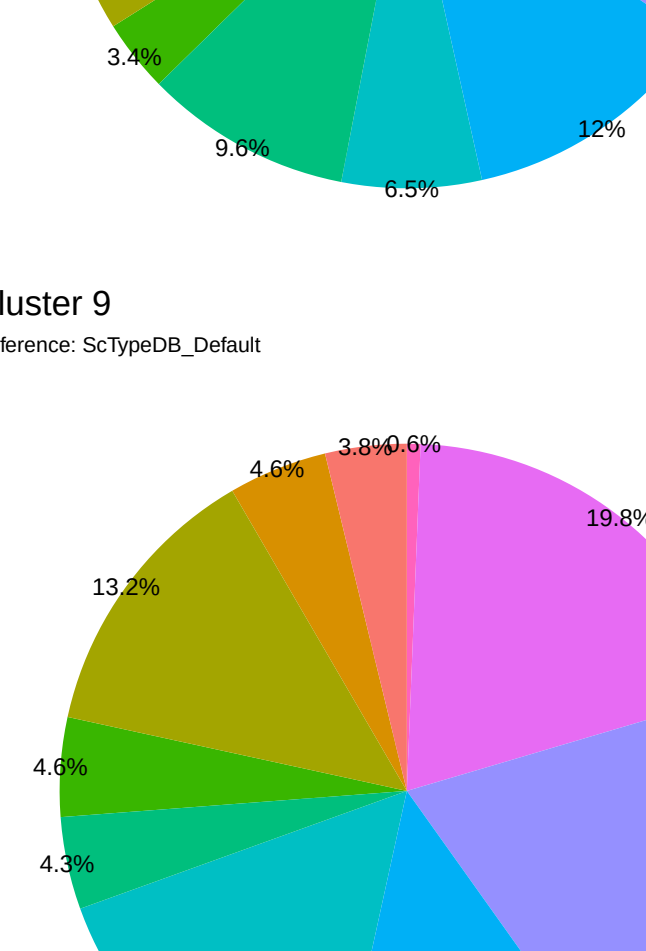

Cell Types

- Cancer stem cells
- GABAergic neurons
- Immature neurons
- Microglial cells
- Neural Progenitor cells
- Neural stem cells
- Neuroblasts
- Neuroepithelial cells
- Oligodendrocytes
- Radial glial cells

Cluster 7

Reference: ScTypeDB_Default

Cell Types

- Dopaminergic neurons
- Endothelial cells
- GABAergic neurons
- Glutamatergic neurons
- Immature neurons
- Neuroblasts
- Oligodendrocyte precursor cells
- Oligodendrocytes
- Serotonergic neurons
- Tanycytes

Cluster 8

Reference: ScTypeDB_Default

Cell Types

- Astrocytes
- Cancer cells
- Cancer stem cells
- Endothelial cells
- Microglial cells
- Neural Progenitor cells
- Neural stem cells
- Neuroepithelial cells
- Radial glial cells
- Tanycytes

Cluster 9

Reference: ScTypeDB_Default

Cell Types

- Astrocytes
- Cancer cells
- Cancer stem cells
- Endothelial cells
- Microglial cells
- Neural Progenitor cells
- Neural stem cells
- Neuroepithelial cells
- Radial glial cells
- Tanycytes
