

Pan-Neuronal Markers

Dot size = % cells expressing | Colour = avg scaled expression

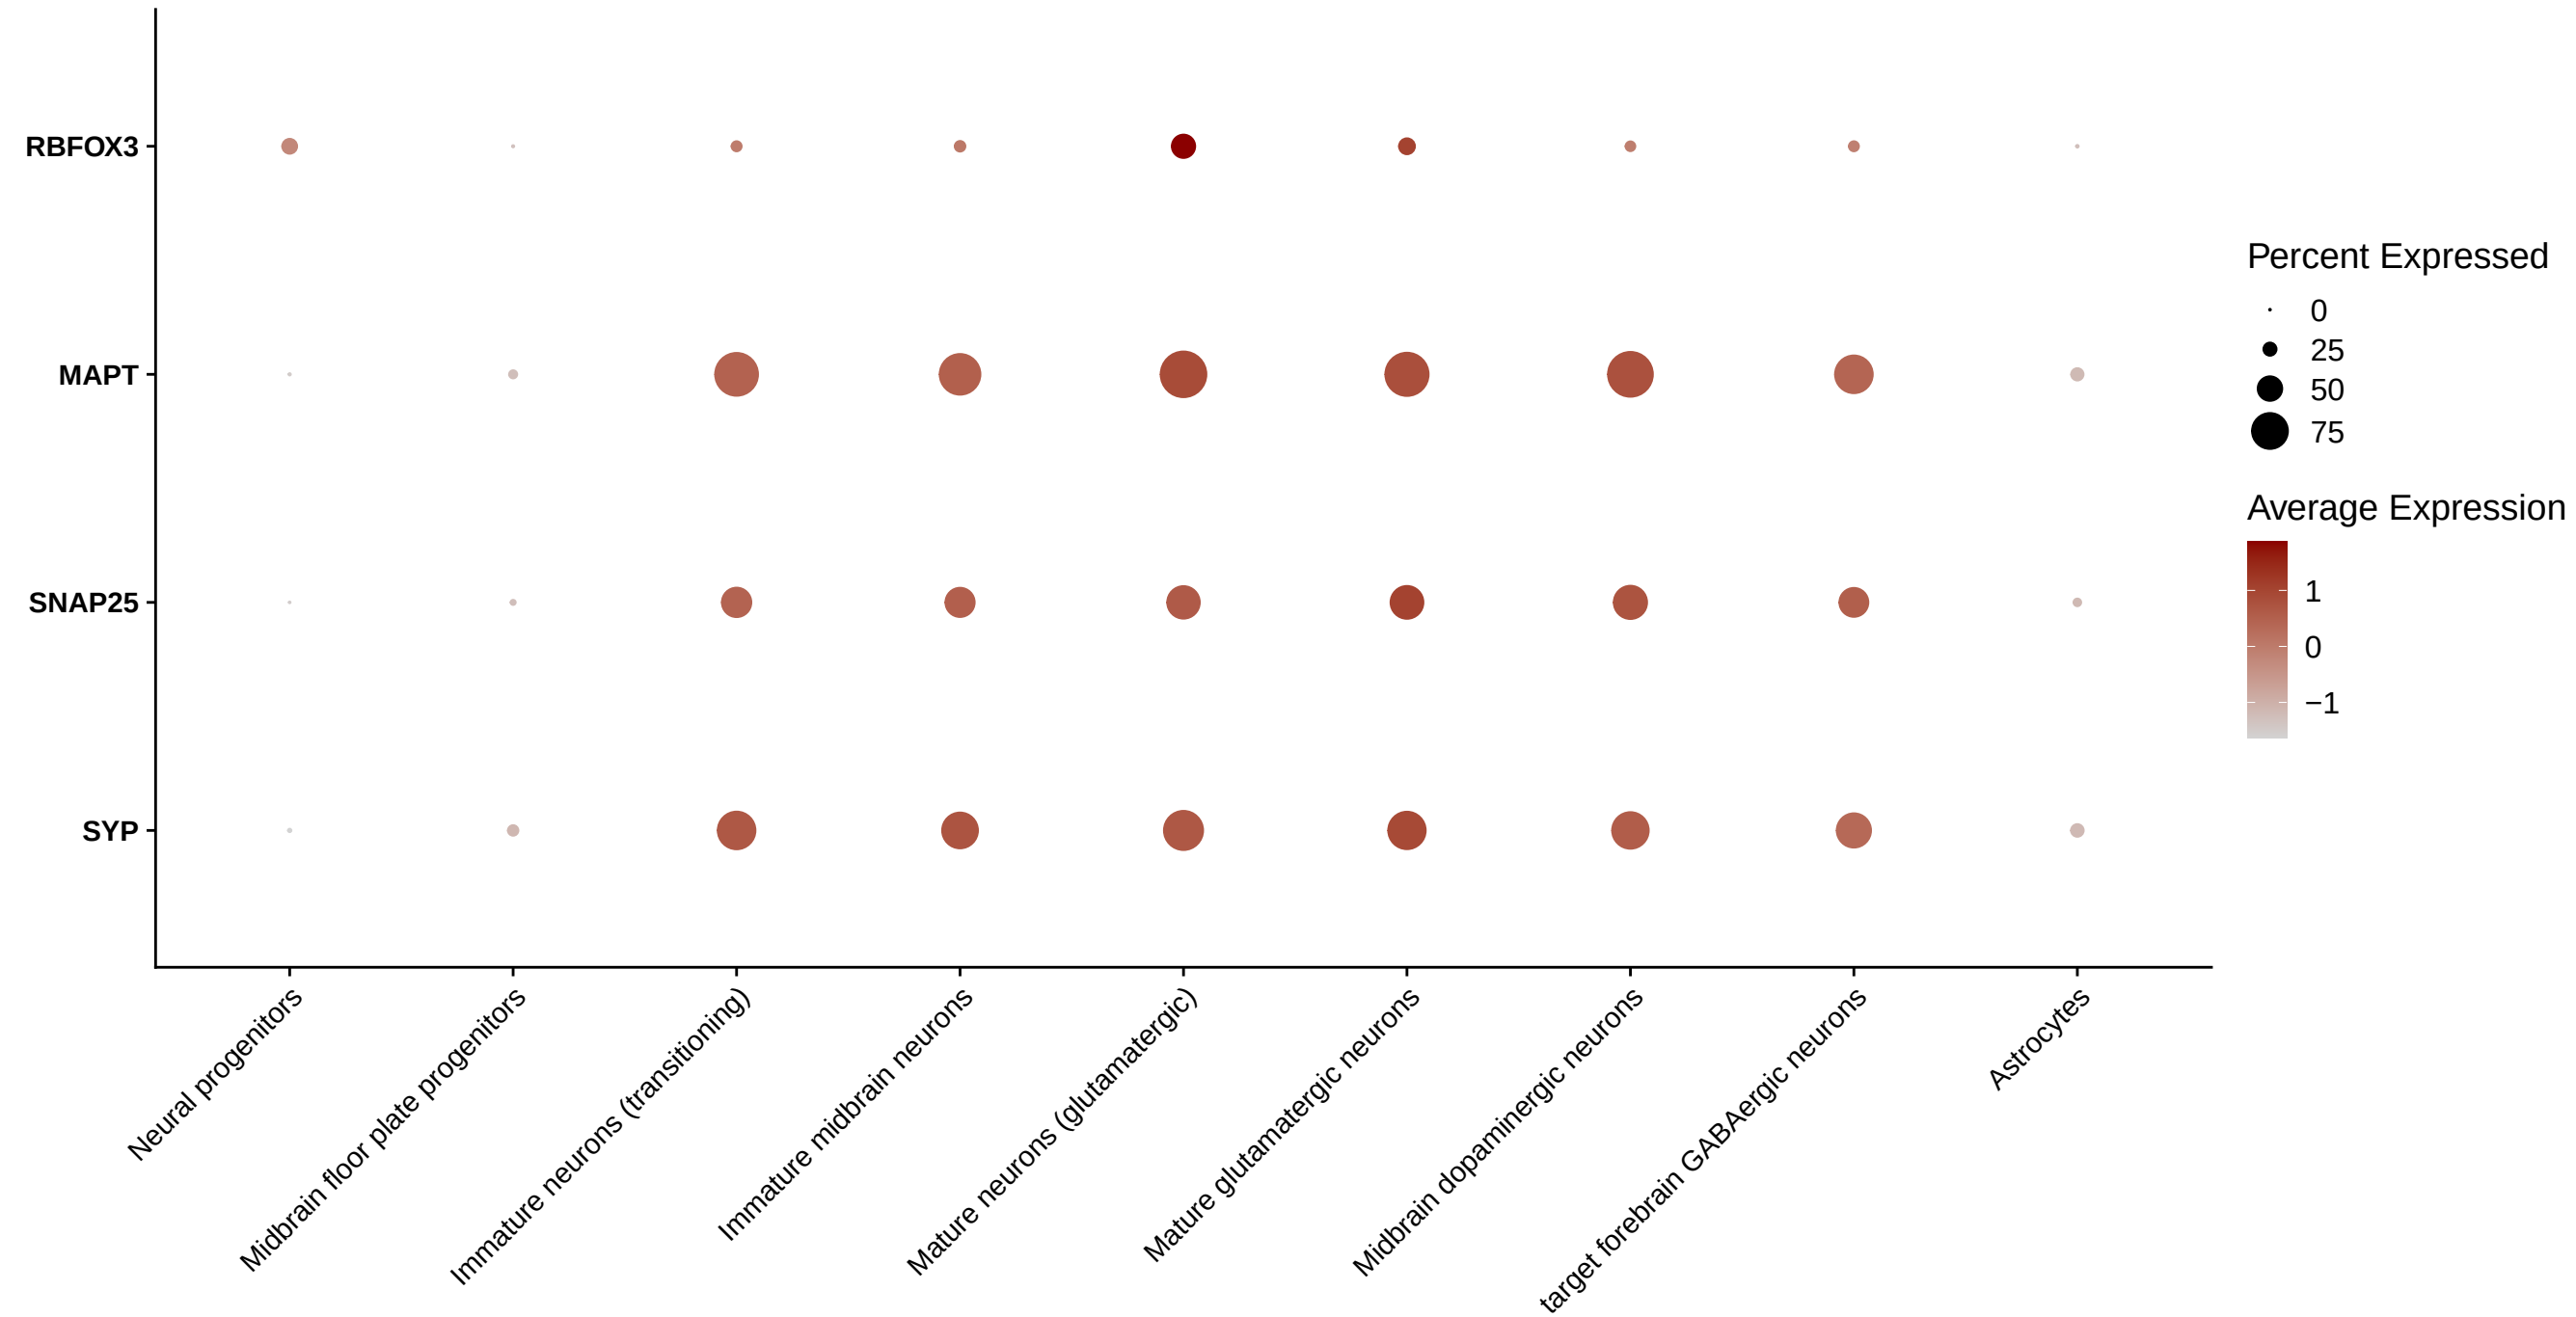

Immature Neuron Markers

Dot size = % cells expressing | Colour = avg scaled expression

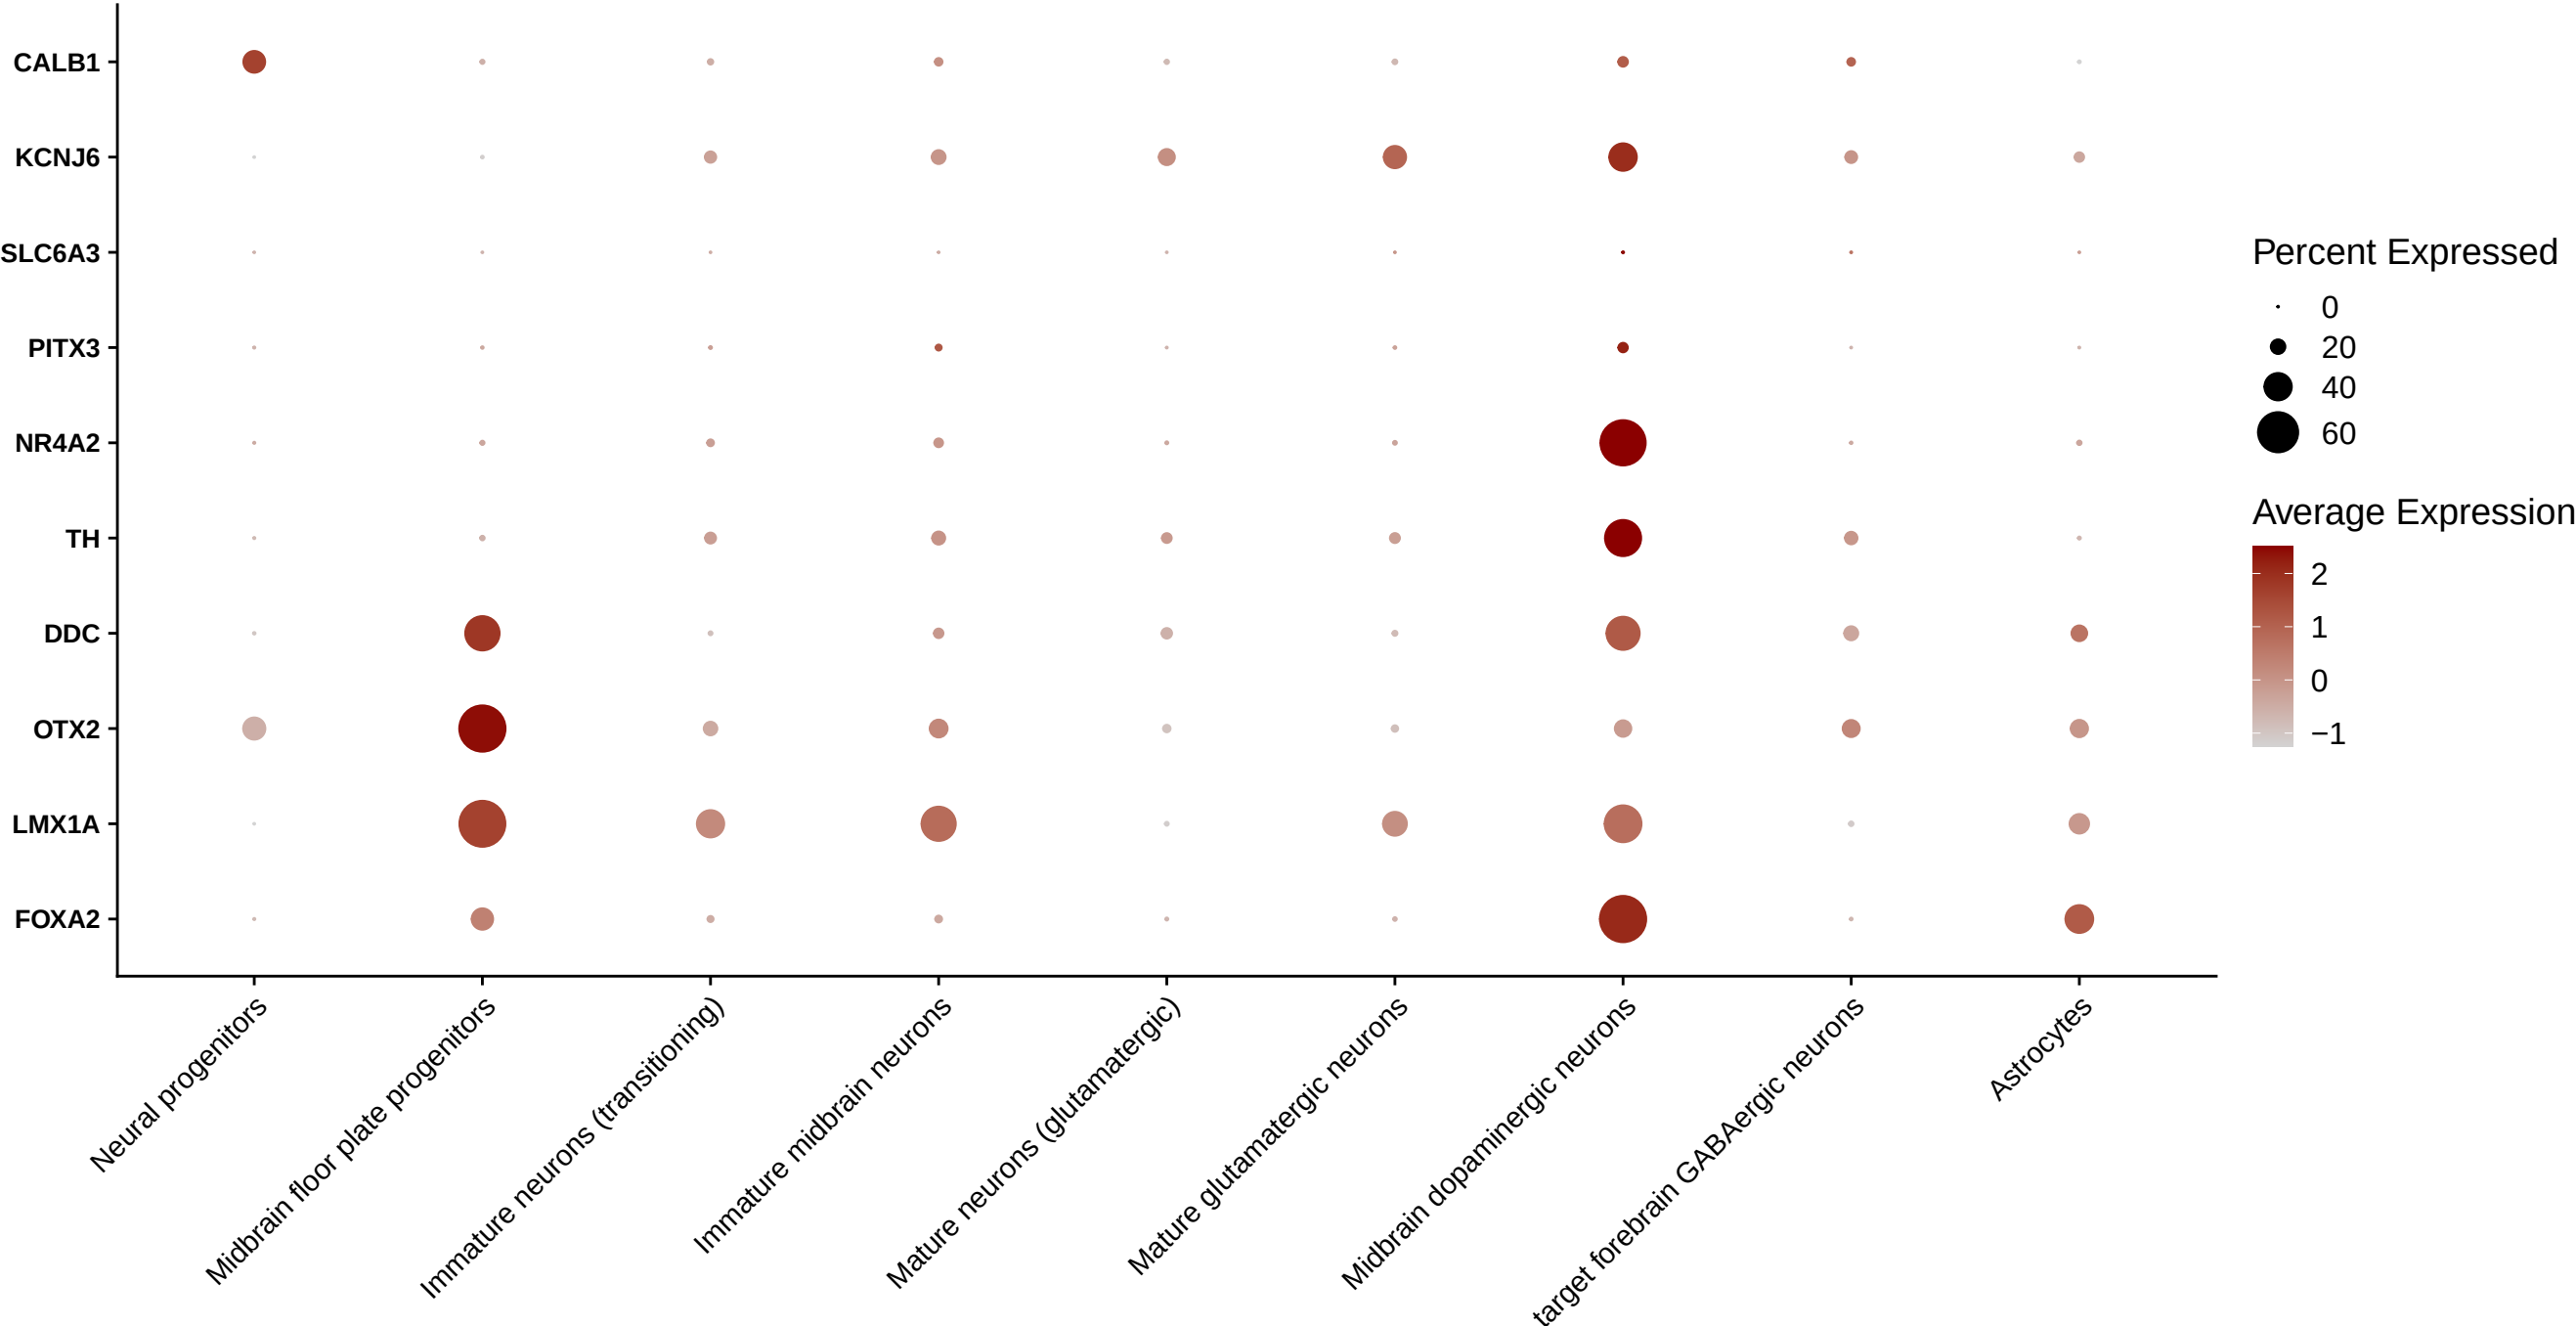

Dot size = % cells expressing | Colour = avg scaled expression

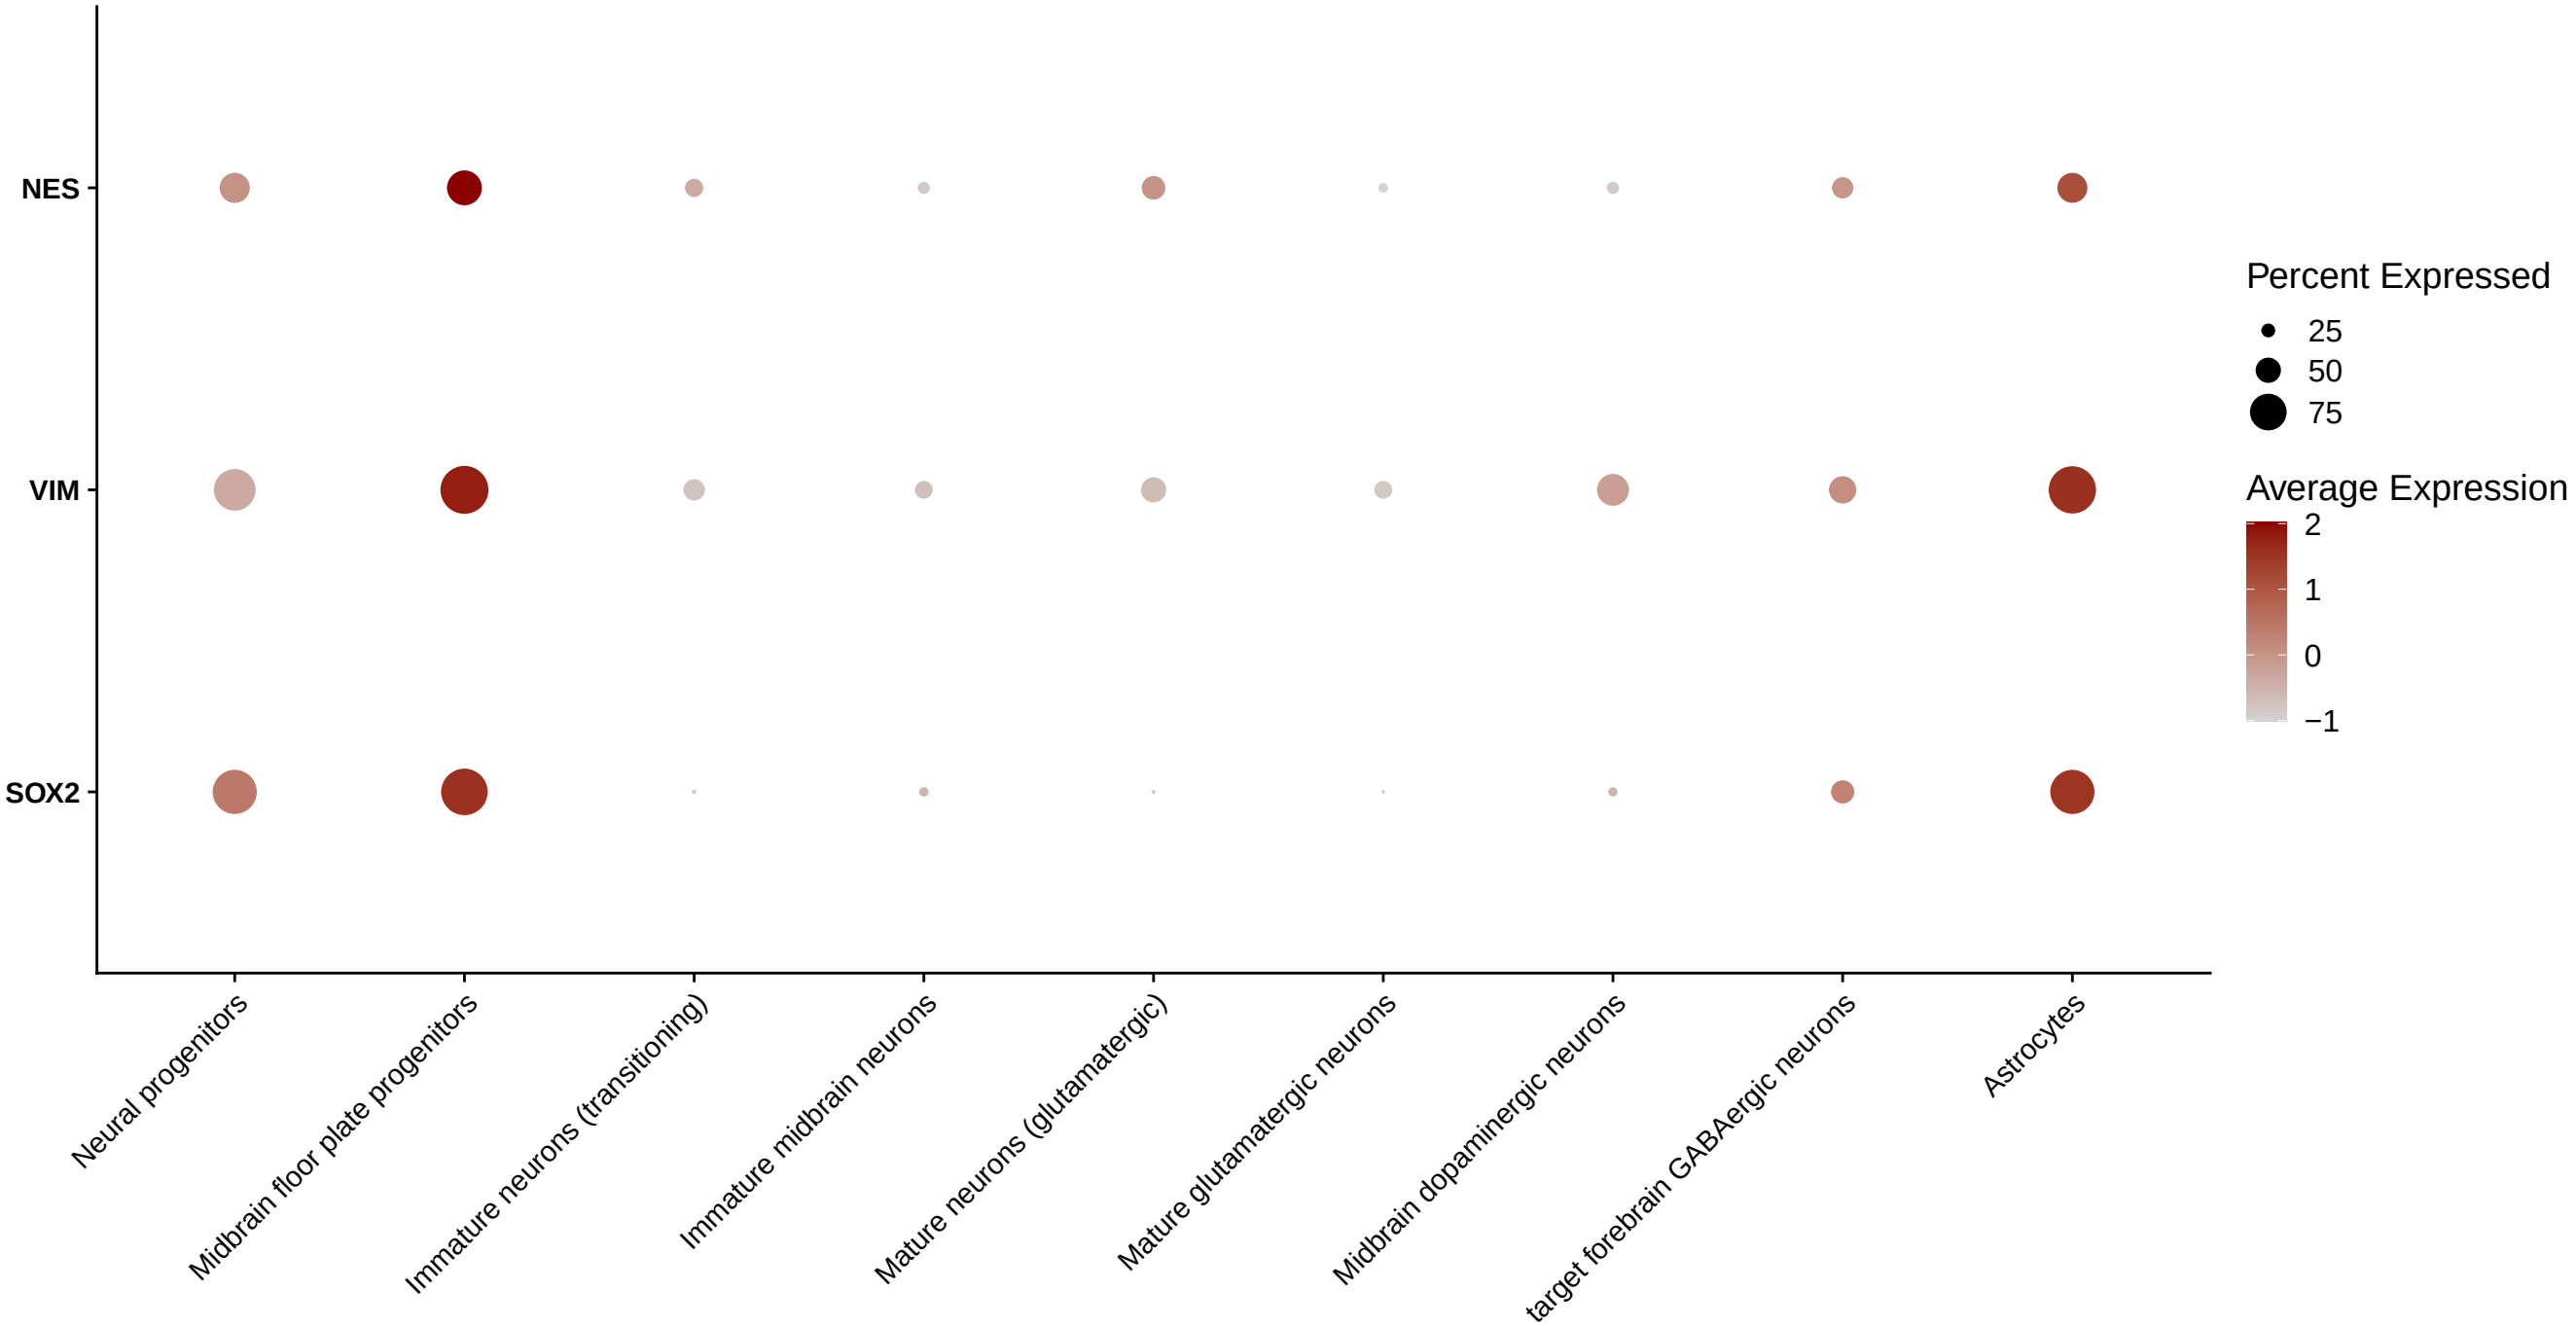

Midbrain DA Neuron Lineage (Kriks Protocol)

Dot size = % cells expressing | Colour = avg scaled expression

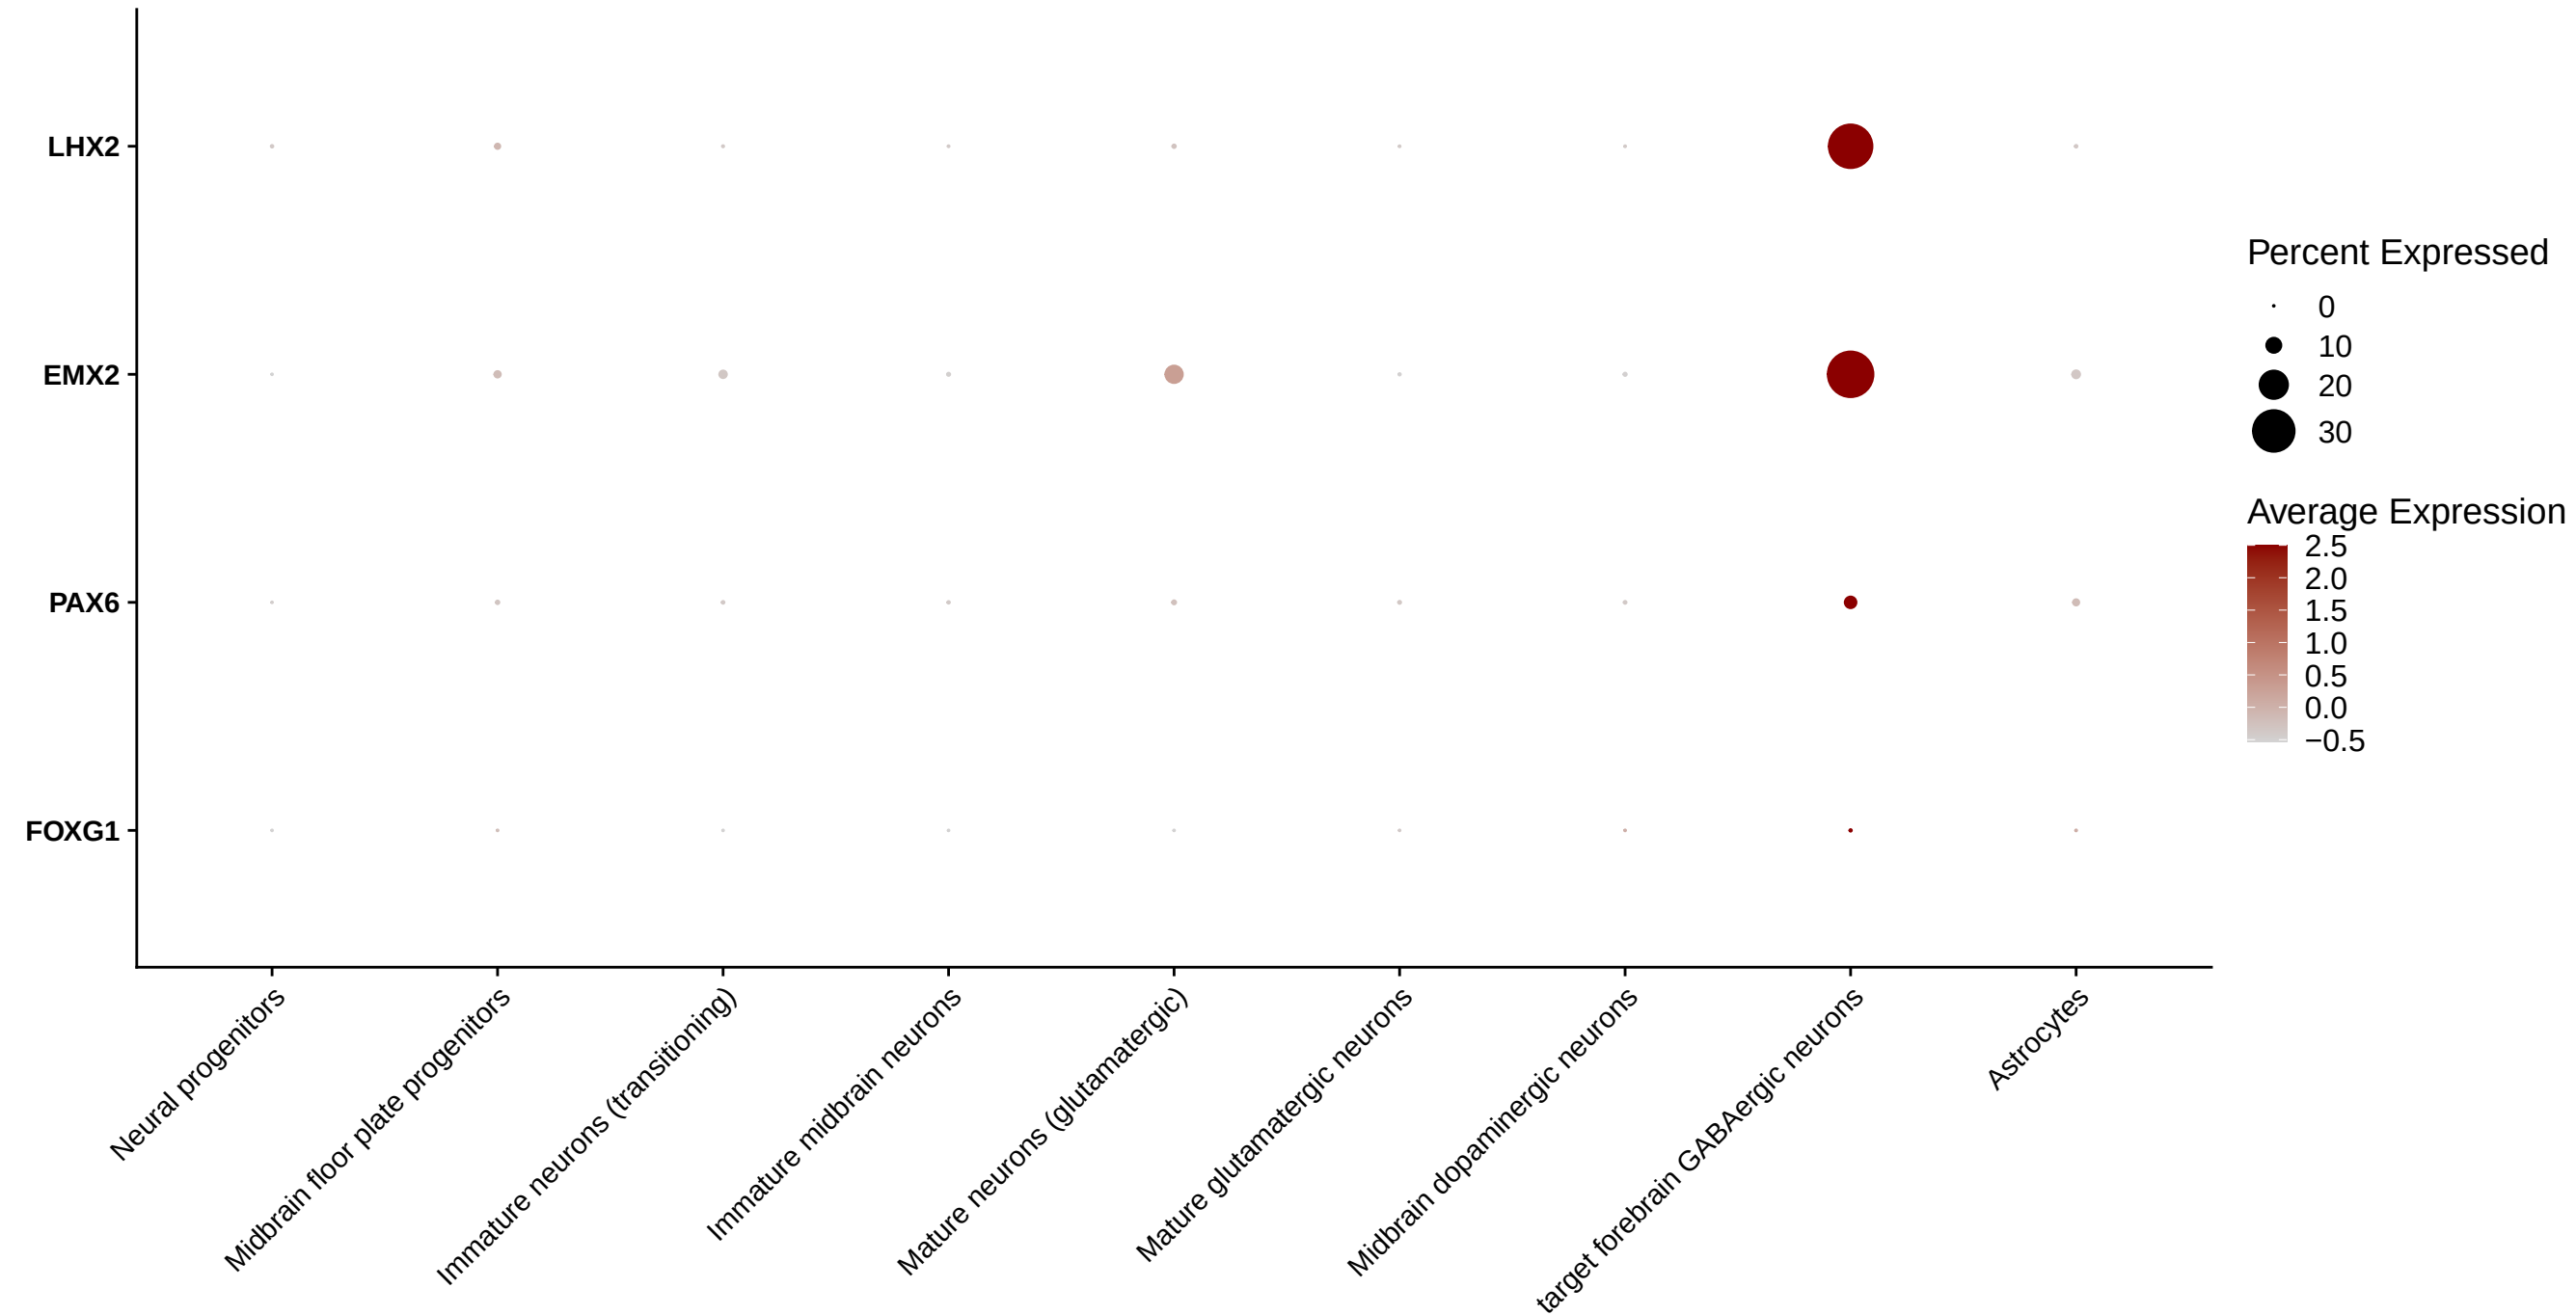

Progenitor and Stem Cell Markers

Dot size = % cells expressing | Colour = avg scaled expression

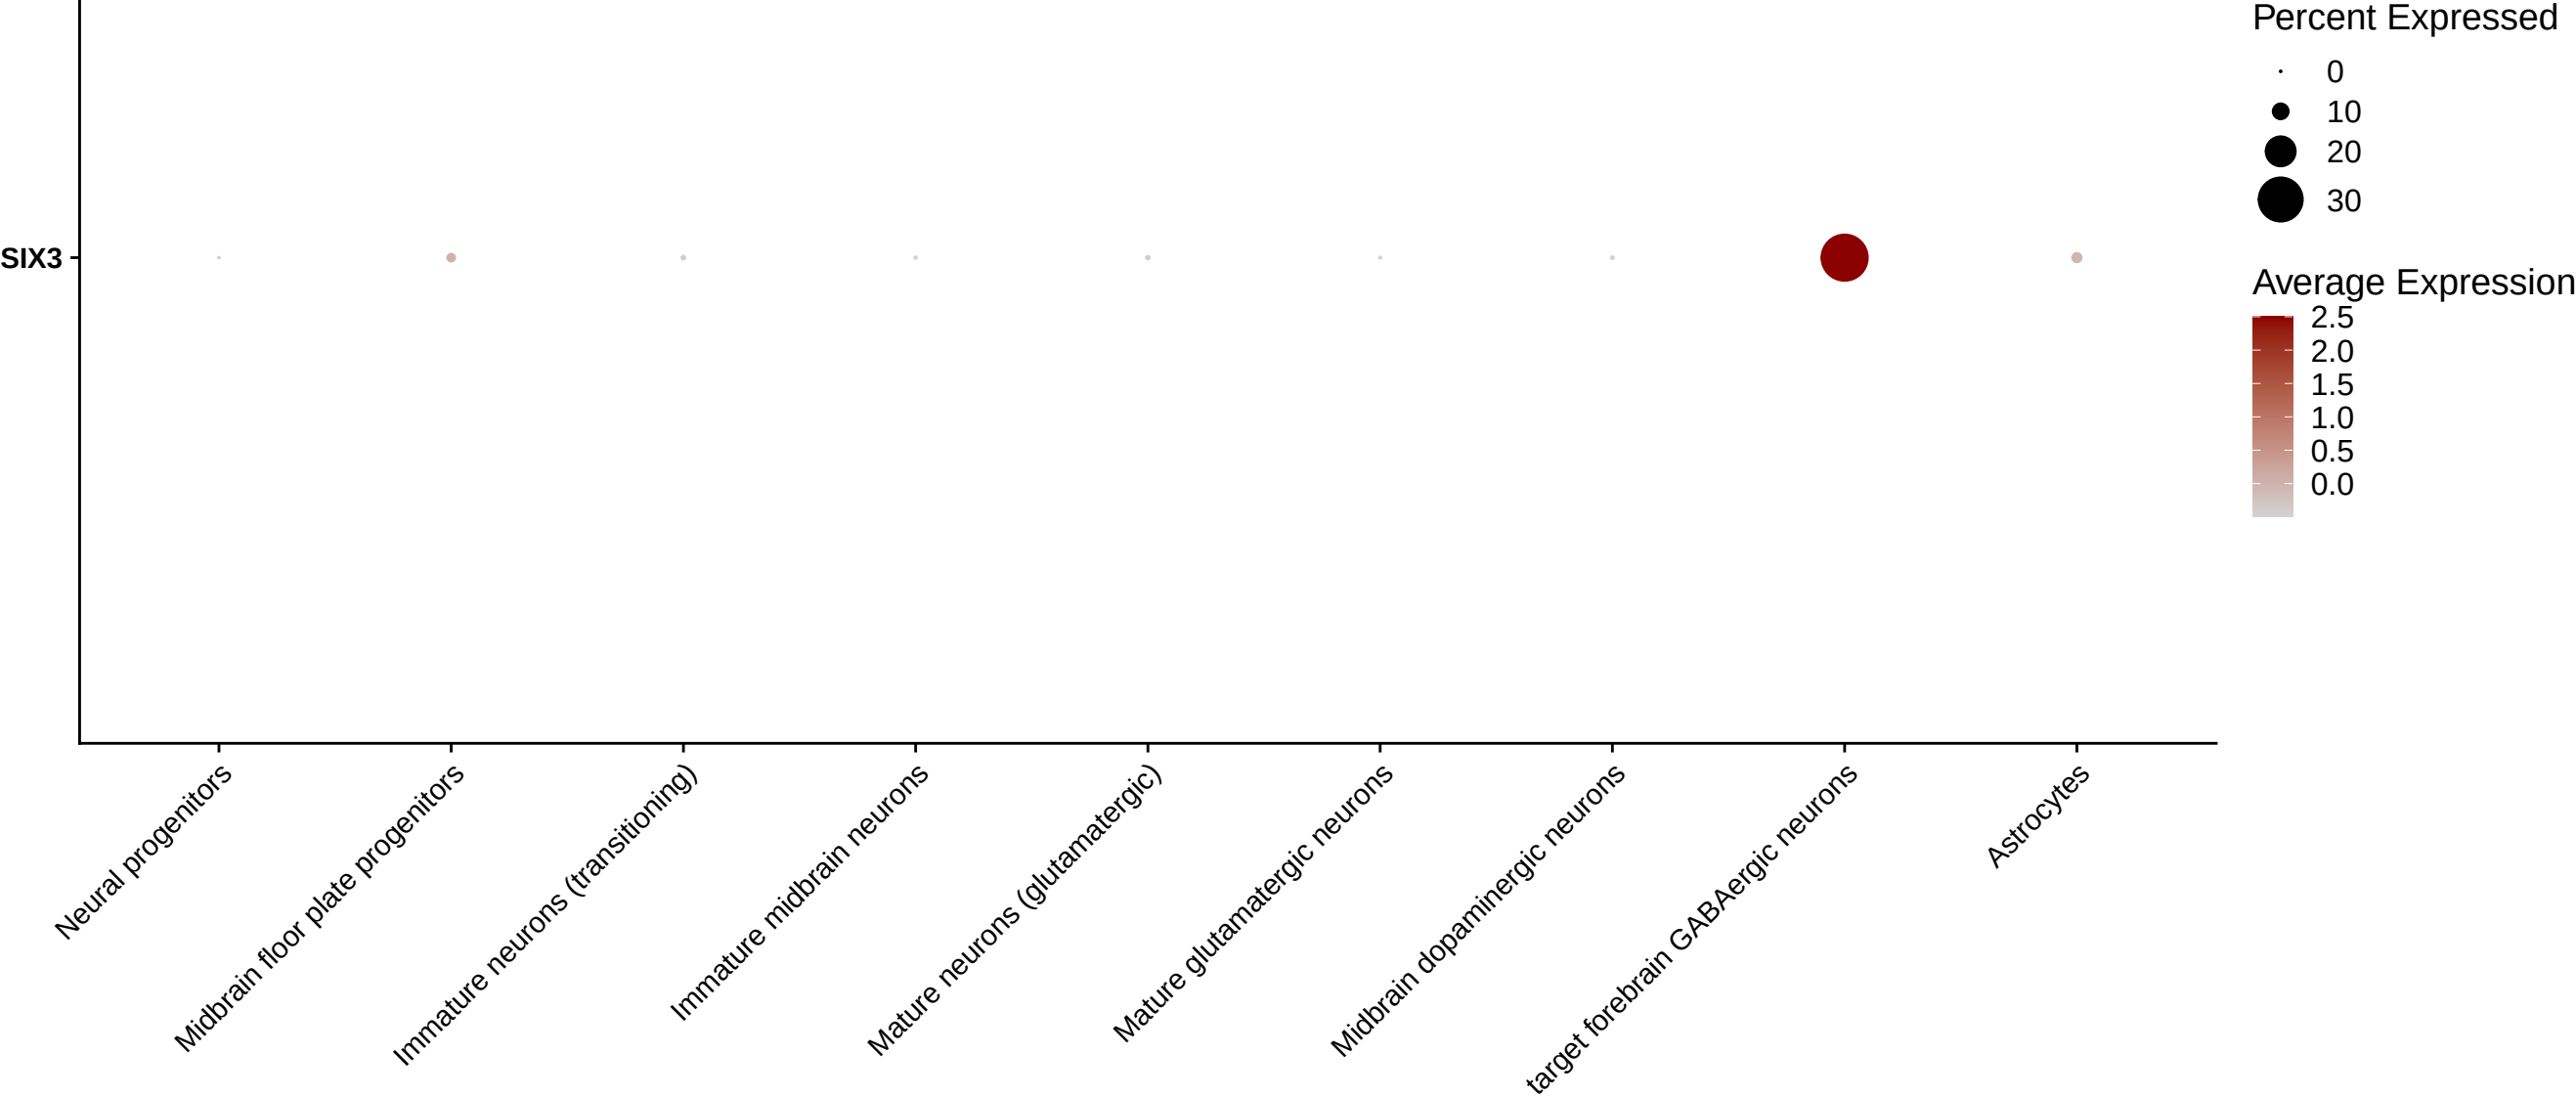

Dot size = % cells expressing | Colour = avg scaled expression

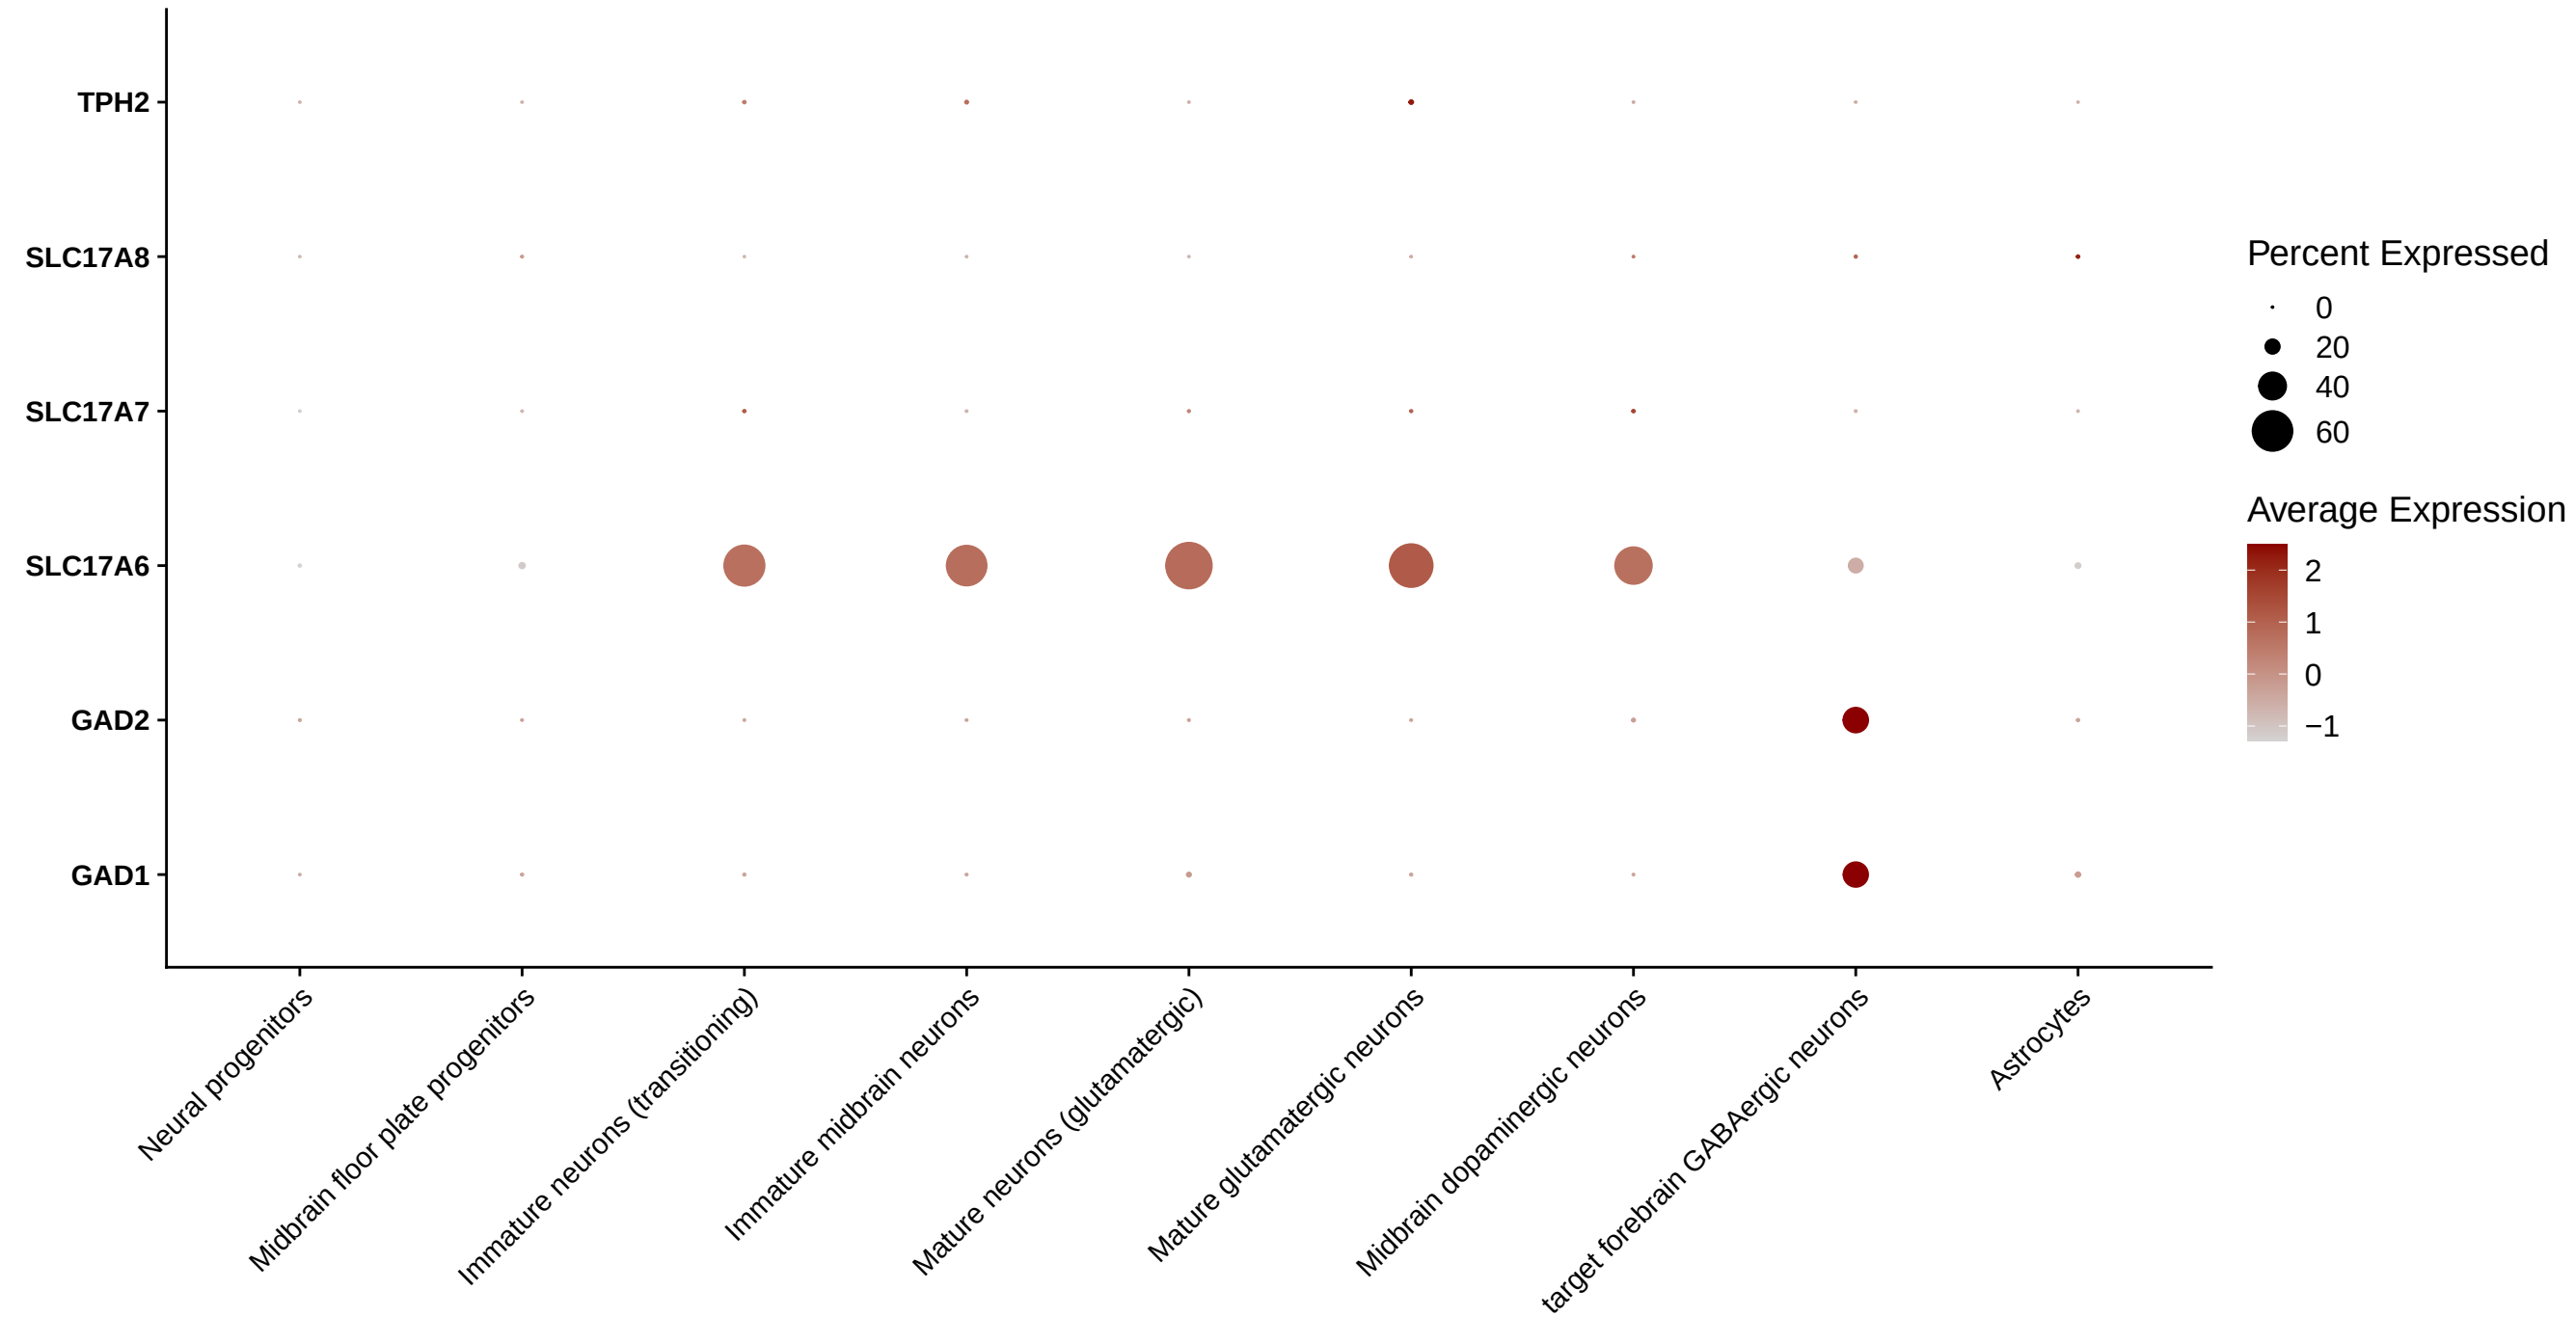

Off-Target: Hypothalamic Markers

Dot size = % cells expressing | Colour = avg scaled expression

Dot size = % cells expressing | Colour = avg scaled expression

Glial Markers

Dot size = % cells expressing | Colour = avg scaled expression
